ISLAMIC PAWNING PRACTICE PROGRAM

ISLAMIC PAWNING PRACTICE PROGRAM

<https://muh12um.blogspot.com/2021/08/sharia-pawn-management.html>

Objective

This program aims to provide opportunities for students to increase knowledge on the accounting practice of Shariah pawn in Indonesia, including the pawn auction management in pawn houses of local state-owned companies. Students are also required to play pawn auction simulation in class with the whole participants in the class.

Practical Islamic financial institutions have become an interesting phenomenon in modern financial business. The source of economic principles is sharia which is derived from the concept of Islam. The principle of sharia is the principle that is a reference in Islamic economic principles and the uniqueness and differences existing in conventional economic norms. Financial institutions of Islamic finance non-bank includes insurance (*takaful*), mortgages (*Rahn*), Islamic mutual funds, *Ijara* (leasing), financial institution pension funds (Pension Fund) sharia, and *Baitul Maal wa tamwil* (BMT).

The practice of sharia pawnshops (*rahn*) is one of sharia financial activity which can be socialized to whole the world, which is considered valuable or has economic value by Islamic terms
