

## MASTER OF INTERNATIONAL RELATIONS

Accreditation A (Keputusan BAN-PT No. 3563/SK/BAN-PT/Akred/M/IX/2019)

### Vission

To become a leading Master of International Relations program in Indonesia and ASEAN in developing knowledge and expertise in International Relations disciplines that are beneficial to humanity by 2025

### Mission

1. To prepare students to become society leaders who have academic and professional abilities who can apply the science of international relations in managing cooperation, conflict resolution, and diplomacy.
2. To prepare students to be able to develop and disseminate the knowledge of international relations, in particular the study of cooperation, conflict resolution and international diplomacy and to strive for its use to improve people's lives and enrich national culture;
3. To support the development of a democratic and noble civil society by acting as an independent and Islamic moral force.

### Curriculum

The curriculum of Master of Politics and International Relations (MPHI) UMY is comprehensively designed to prepare the students to have analytical and technical abilities in solving national and international political problems through systematic and effective decision making process. The lectures use air conditioned classrooms and multimedia devices, and are also completed with supporting facilities like free wi-fi access, library, American corner, Language Training Center, Research Center, and International Convention Simulation Room. MPHI has already built partnership

with Khon Kaen University (Thailand) and Utara Malaysia University for Student Mobility program and International Conferences. Master of Politics and International Relations has 3 (three) concentrations, namely:
