Description :

Prophet Muhammad SAW made advice as a pillar of religion as well as a barometer in carrying out religion. Tamim ad-Dari RA narrated, Rasulullah SAW said, "Religion is advice" (Narrated by Bukhari and Muslim).

The course introduces the basic concept of the prophetic counseling and how those concepts are adopted and practiced in Indonesia. The course is suitable for students from Indonesia who have keen interest to understand the psychological system mainly prophetic counseling Islamic based on values of life system and also for international students as the beginners. The course will discuss the basic concept of prophetic counseling such as the concept of family counselling, concept of close relationship, human rights, organization and leadership as well in education. It also explains how those concepts are adopted in Indonesian religious laws system and how it is practiced in the Islamic history and development of Indonesian constitutional and educational system. It also provides discussion on particular issues in prophetic counseling.
