About FISIPOL UM Sumbar

Faculty of Social Sciences and Political Science) at Universitas Muhammadiyah Sumatera Barat was established with the aim of developing and contributing to the field of social and political sciences, particularly with a focus on local and religious identity, inclusivity, and progress

FISIPOL UM Sumbar is strongly supported by the network of Muhammadiyah-affiliated universities. With this support, the faculty is committed to producing skilled graduates in social and political sciences who are empowered to face global challenges.

Our Vision

To become a quality faculty in producing socio-political scholars who have the insight of Iman and Taqwa as well as culture for the development of science.

Our Mission

1. Ensure the achievement of quality, humanist and sustainable education and learning that is able to produce competent and independent social and political science graduates.
2. Encourage the implementation of research in the field of social science and political science by considering the integration of Islamic values for the development of innovative and applicable science.
3. Encouraging the implementation of community service in the context of applying the competence of social science and political science for the welfare of the people.
4. Increasing the application of Al-Islam and Kemuhammadiyahan values to produce Islamic social science and political science people.
5. Developing a productive and sustainable network of cooperation between internal and external institutions of Muhammadiyah in the field of social science and political science.
6. Organizing faculty governance based on good faculty governance.

Political Science

Department of Political Science is a prospective field that focuses on the study of local politics, Islam and Social movement. It involves analyzing and understanding the theories, structures, processes, and policies that shape political systems at local, national, and international levels.
