

SHORT COURSE PROSPECTUS

Edupreneur Tours

- Master of English Education
- Postgraduate Program
- University of Muhammadiyah Makassar

PURPOSE

This activity aims to provide meaningful and interesting experience to the students of International Program in English Education and Tourism-preneurship. This innovation provides a solution to the Integration the teaching and learning English and in Tourism-preneurship in interesting places in South Sulawesi.

SIGNIFICANT

Participants will gain insight and meaningful knowledge about English education and Tourism-preneurship formulated in in-door and out-door activities. This activity will be held in tourist destinations that have been visited by international tours. As a result, everyone involved in managing the tour site must use English as an international language. English Education is expected to be present in the business opportunity.

PARTICIPANTS

This short course program is design for those who interested in English Education and Tourism-preneurship. English educators and local guides are not only present in formal classes, but they can also be present in relevant economic and business fields.

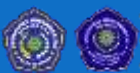

FACILITIES

During the training, participants could use computer devices and internet access at the University of Muhammadiyah Makassar. Participants will be given illustration display media as well as hardcopy materials to help them understand the training materials. In addition, all participant in this short course program will receive a certificate related to entrepreneurial skills. Participants in the outdoor activity can enjoy free accommodations, transportation, and meals.

ACTIVITIES

This short course program lasts 12 days. Within additionally providing lectures/materials about English and tourist preneurship (in-door activities), participants will also join and follow outdoor activities in Tanjung Bira Beach and Kajang Cultural Village in Bulukumba Regency.
